MAY 2023

MESSAGE FROM THE MAYOR

Our highly anticipated Boarding House project has finally commenced. The pads are currently being prepared for the first lot of houses to arrive in August. We are very excited and look forward to the outcome of this project, being that Cleve will be able to accommodate more students and apprentices during their regional studies, whether that be at the Cleve Area School and Sims Farm, or the MTA. It is worth mentioning again that the boarding house project could not have been made possible without some critical funding from the Federal Government as part of the Building Better Regions Fund.

An integral part of our District's economy is tourism and we have been busy improving our digital presence in order to capture more tourists and draw them here. A key highlight of this is our new tourism web-app which showcases all of our amazing assets and businesses. I encourage you to scan the QR code or type in the website and have a look, there may even be somewhere in the district that you never knew existed.

Lastly, while I'm sure most have started or possibly finished seeding by now, I'd like to wish the hard-working farmers of our District a smooth start to the season and here's hoping this year will be as successful as the last.
