## MESSAGE FROM THE CEO

A big thankyou to our community members and business owners for taking the time to vote in the Council elections. We received over a 65% return rate for voting, which was well above this years State average. I like to think this figure represents a high level of community engagement and general interest in Council and it's future. I very much look forward to working alongside our Elected Members as we bring many of our exciting new projects to fruition in 2023.

David Penfold, CEO
