# EPLGA + THE CLEVE DISTRICT

## EYRE PENINSULA LOCAL GOVERNMENT ASSOCIATION (EPLGA)

The EPLGA consists of the incorporated areas of the Eyre Peninsula with 11 Councils represented. The vast region stretches from the Yalata Aboriginal lands in the west to the City of Whyalla in the east, from Port Lincoln in the south to the Gawler Ranges in the north. EPLGA member councils support a population in excess of 56,000.

The vision and goal of the EPLGA is to enable Eyre Peninsula councils to excel, innovate, and thrive.

## THE THRIVING DISTRICT OF CLEVE

The District Council of Cleve was proclaimed on 4 May 1911, and has developed to the point where it is now considered to be the nucleus of one of the key agricultural areas of South Australia.

While the town of Cleve itself is located approximately half-way between Whyalla and Port Lincoln on the Eyre Peninsula, the District Council of Cleve encompasses the area from the coast of Spencer Gulf at Arno Bay west to the mountain ranges of Darke Peak. The area is characterised by panoramic views, cereal crops, sandy beaches and some of the best fishing in the country.

The District Council of Cleve covers an area of 529,543 hectares serving a population of approximately 1771 (2016 census) people and shares boundaries with Kimba, Franklin Harbour, Elliston and Tumby Bay Councils.

The District Council of Cleve includes the townships of Cleve, Arno Bay, Darke Peak and Rudall.

The region's prosperity has been largely attributed to the diverse farming activities of cereal grains, oilseeds and pulses, as well as livestock. The agricultural sector is a major employer within the district, with Cleve proudly winning the 2019 Inaugural South Australian Agricultural Town of the Year.

Generous areas of foreshore reserve with sandy beaches and safe swimming are attractions of the coastal town of Arno Bay, along with an iconic jetty, mangrove boardwalk and superior boat launching facilities. Arno Bay provides arguably some of the best recreational fishing in Australia.

# CONFERENCE INFORMATION

## OVERVIEW

The District Council of Cleve is honoured to be hosting the 85th EPLGA Conference. We invite and encourage you to join us for a thought-provoking conference, which promises to inform, engage and entertain.

The theme of the conference is Economic Regeneration with a focus on rural environmental sustainability.

The Eyre Peninsula's geography and climate, positions the region as a major contributor to the State's Gross Regional Product (GRP) and at the forefront of global change in terms of 'green' mining, 'green' energy generation and sustainable agricultural practices.

As we emerge from COVID restrictions and re-open to the world, Eyre Peninsula local government authorities seek to work in partnership and collaborate with all levels of government and stakeholders as we look to deliver unique solutions to the challenges local government faces in 2022 and beyond.
